FOR IMMEDIATE RELEASE

March 30, 2020

(Macon, MO) – The Macon County Health Department has confirmed the second positive case of COVID-19 in Macon County. By law, we cannot and will not release more information about this person to protect their privacy.

This case is community spread, meaning it was transferred person to person and is not travel related.

This person has been in self-quarantine since first exposed to help prevent further transmission to others. They are in communication with local health officials and are cooperating to remain in isolation.

All of those who have been in direct contact with this individual have been contacted by the Macon County Health Department.
