FOR IMMEDIATE RELEASE: COVID-19 Update

(Macon County, MO) – The Macon County Health Department announces 4 new cases of COVID-19 in the county. One case is considered community spread from a known positive, two are travel related, and one is undetermined at this time. Contact tracing is ongoing for all of these cases. For more detailed demographic information about COVID-19 in the county, visit www.maconmohealth.org/covid19inmaconcounty.

At the time of this press release, the following are current numbers for cases of COVID-19 in Macon County –

- 68 positive cases
- 10 active positive cases
- 1 active hospitalization (included in the active positive case count)
- 58 released from isolation

The State of Missouri reports 62,530 total positive cases of COVID-19.

With cases caused by travel and community spread, it's important to continuously take precautions to help stop the spread of COVID-19. Taking precautions like social distancing, wearing a mask, practicing good hand hygiene and staying home when sick can help protect each person, their family and their community.
